Lindenhurst, NY: On October 10th, Suffolk County Legislator Kevin McCaffrey (R-Lindenhurst) honored four local Girl Scouts for completing a major component of their Silver Award requirements. The ceremony took place at the Village of Lindenhurst's Rainbow Senior Center, attended by the honoree's proud parents, fellow scouts and their leaders, along with elected officials from various levels of government.

The journey to become a Silver Award recipient is not an easy one by any stretch of the imagination. The Silver Award candidates must identify an issue close to their heart, organize the necessary people and resources to address it, and ultimately share their story with others.

For their project, Girl Scouts Nicole Lallier, Alyssa DeMarinis, Dana Storm, and Monika Orzelowski joined forces to make some much-needed renovations to the Rainbow Senior

Center's courtyard. This project involved the repainting of exterior walls, landscaping, the installation of a bird bath, and so much more. Thanks to the efforts of these young ladies, the Rainbow Senior Center's visitors will be sure to enjoy the improved and inspiring premises for many years to come.

"The Girl Scouts of Suffolk County never cease to amaze me," said McCaffrey. "These four young ladies did a tremendous job here at the Rainbow Center, and their being recognized for these accomplishments is well-deserved. Our future is in good hands with leaders like these, and I sincerely hope that all of them continue in Girl Scouting to eventually achieve the Gold Award."
